

\$168 will buy "A Foot of Freedom" for Bull Elephants

BULL ELEPHANTS are difficult to house because of their size. For example, at maturity Nicholas may well reach a whopping seven tons in weight, and 13+ feet in height! The pipe for the fencing must be the strongest, most durable available, and it's very expensive.

PAWS is asking everyone who cares about Nicholas and Prince and other captive bull elephants — individuals and business sponsors — to donate a foot or more of fencing for the habitats. Each linear foot costs us \$168, and each foot is freedom, really. . . freedom to be an elephant.

Help us continue the expansion of fencing to enclose Bull Mountain and to provide a spacious habitat for other bull elephants in peril.

We need everyone's help to accomplish this!

Each foot of fence is a "foot of freedom" for bull elephants in peril. One linear foot of the bull elephant fencing you see in these photographs costs us \$168!

Clip and mail. . . or go to our Web site at pawswweb.org to donate using PayPal.
